Chairman Campbell called the Finance Committee to order at 10:00 AM.

A motion to accept the minutes of the June 11, 2020 Joint Personnel and Finance Committee was moved by Mr. O'Brien, seconded Mrs. Fedler and adopted.

DEPARTMENT REPORTS/REQUESTS:

COUNTY TREASURER – Al Nolette, County Treasurer, addressed the following items with the committee, handout attached:

- Monthly Reports – The July 1st sales tax payment was down \$125,000 from this period last year, \$376,000 down for the year, 3.86% down. A reconciliation payment is due on July 13th. The distribution to the towns will be no less than last year and possibly a little more. Included is a report from NYSAC on additional monies received due to the increase in the online sales tax, Washington County \$768,581. From our cash position, we are down \$3.5 M compared to last year and he will be dissecting that to find out why and report out in the near future. We also have \$1M in unpaid taxes. The impact from the Governor withholding our DSS money has caused the Treasurer to transfer \$800,000 into their account and they are going to need another \$200,000 on Monday; \$1M impact. Increased expenses in Information Technology, Board of Elections, Real Property, Coroners, Public Defender, District Attorney, Code Enforcement, Sheriff, Public Safety, Probation and Health Department. DSS is pretty flat over last year. Next sales tax deposit is on July 13th.

COUNTY ADMINISTRATOR – Chris DeBolt, County Administrator, addressed the following items with the committee:

- Youth Bureau – Riding Lawn Mower – A motion to amend Youth Bureau budget for the purchase of a riding lawnmower for community service projects due to a lack of manpower, increase revenue gifts and donations \$4,000 and increase equipment line \$4,000, was moved by Mr. O'Brien, seconded by Mrs. Fedler and adopted.
- DSS/OFA – Federal Stimulus Funds – A motion to recognize Federal COVID-19 Stimulus funds for the home delivered meals program, Sheriff's department meal preparation, in the amount of \$176,929 was moved by Mr. O'Brien, seconded by Mrs. Fedler and adopted.
- Public Health – DSRIP – A motion to amend Public Health budget to recognize \$505 from the Adirondack Health Institute as part of the Delivery System Reform Incentive Program (DSRIP) was moved by Mr. O'Brien, seconded by Mrs. Fedler and adopted.
- Sewer District #2 – Feeder St. Project – A motion to amend 2020 Sewer District No. 2 budget for the CDBG Feeder Street Project and recognize DASNY grant funds in the amount of \$396,132 was moved by Mrs. Fedler, seconded by Mr. O'Brien and adopted.
- Sewer District #2 – Jetter – A motion to amend Sewer District #2 budget for the balance of the purchase of a sewer jetter in the amount of \$12,250 was moved by Mr. O'Brien, seconded by Mr. Ward and adopted.
- Sewer District #1/Capital Project 121 – A motion to amend Sewer District No. 1 and Capital Project No. 121 budget for Sewer District No. 1 engineering and rehabilitation project in the amount of \$11,506 was moved by Mr. O'Brien, seconded by Mrs. Fedler and adopted.
- Sewer District Compost O & M Manual Update – A motion to amend Sewer District #2 budget for the cost of the O & M Manual update in the amount of \$5,800 was moved by Mr. O'Brien, seconded Mrs. Fedler and Mr. Ward and adopted.
- Sheriff – Jail Equipment – A motion to amend Jail budget in the amount of \$300, additional funds needed in the equipment line toward the replace of metal detector at the Jail used for booking that is aging/failing was moved by Mrs. Fedler, seconded by Mr. Ward and adopted.
- Accept Canal Corporation Grant – The Budget Impact Statement indicates a cash match of \$26,000 but was not appropriated because the Administrator did not feel we will get to this project this year. A motion to accept Canal Corporation grant, authorize Chairman to sign contract and establish project budget in the amount of \$150,000 was moved by Mr. O'Brien, seconded by Mrs. Fedler and Mr. Hogan and adopted.

REAL PROPERTY - Laura Chadwick, Director, submitted the following items to the committee:

- Report of Refunds/Corrections – Issued a refund in the amount of \$507.27 to Douglas Pennington, Town of Fort Edward, for a clerical error – total assessed value was computed using equalization rate.
- Full Value Tax Rates Chart – attached.

IDA SOLAR PILOTS – At this point it is just being investigated. Chairman Campbell just wanted to report out from the IDA and believes Supervisors appointed to other Boards should report information back to the entire Board. They have yet provided numbers but should have them by the next IDA meeting. Mr. Haff is concerns because several years ago many of the taxing districts opted out of the solar exemption, 487. He does not recall hearing that the IDA can do an end around taxing jurisdictions that opted out which would basically force them to opt in. He feels this is dangerous territory. Mr. O'Brien stated part of the reason the IDA is looking at this is on the recommendation of

the County's Economic Development Director. The IDA is not involved because they wanted to do a solar project but because they were asked to take a look at it. He thinks it is worth a discussion to see if there is any potential benefit to the towns and county. He encouraged Supervisors to come to any IDA meeting and ask questions. Mr. Hicks stated it is Mr. O'Brien's responsibility as a representative on the IDA to bring this information back to the county and not put the burden on the Supervisors to attend meetings. Mr. Hogan stated 487 allows you to opt back in to negotiate pilots on behalf of the local community so if the community wanted to take the option they can opt back in to 487. The question he would like to have answered in the near future is why the IDA would have the authority or incentive to negotiate pilots on behalf of a community that has identified they don't want to negotiate pilots. He also does not have a map he requested last week. Feels the IDA listens to the input but the IDA ignores the input and moves along with their decision anyway. He asked if there is incentive by the IDA to make pilot arrangements. Is there an incentive payment that the IDA gets for doing stuff? The County Attorney stated there are application fees with these projects and the IDA keeps a portion of any fees paid for administrative services. Mr. O'Brien stated the counties do not fund the IDA. The administrative fees allow them to fund their operations. There are many different areas that the IDA has help over the years. They fund projects, help develop projects and the fees go back into the community. Mr. Hogan stated Kingsbury has a pilot law. His concern is that if the company does not like the town's pilot law they can shop with the IDA to get a better rate. He heard they were looking for 25 to 40 year pilots. He stated it feels like the local authority could be taken away. Chairman Campbell is not opposed to doing to a blanket policy for the county and towns and then towns/county would not be taken advantage of. The Economic Development Director believes the Governor is going to take these pilots over. Mr. Haff questions the motive of the IDA when there is an incentive to do it even if the town/county is opposed. Mrs. Fedler stated the IDA members can report to the Agriculture, Planning, Tourism and Community Development Committee because it addresses economic development.

NYS RETIREMENT – Record of Activities – A motion to forward Standard Workday and Reporting resolution to the full Board for consideration was moved by Mr. O'Brien, seconded by Mrs. Fedler and adopted.

SUNY ADIRONDACK BUDGET – No new information. Things were vague when we had the meeting and after the Post Star article he understands why; 126 people being cut or furloughed. The only question is do we give them the 2% increase; about \$31,000. Warren County is going to do whatever we are going to do according to the conversation he had with their Budget Officer. He assumes we will see something different by the August Board meeting.

DPW – Marchiselli – Batten-Dugan Bridge – No action this month, the DPW Superintendent needs more documentation from the State.

OTHER BUSINESS:

- Requesting committee approve to convert 2019 and 2020 budgets to net cost for comparison to the years prior. The Treasurer stated he will take the fringe benefits and move them from pool to individual departments but recommends leaving the retirees health insurance in the pooled category. The committee expressed no objection to moving forward with converting 2019 and 2020 budgets to net cost.
- Grant opportunity for electric cars that would provide \$2500 or \$5000 per car depending on the car. He is proposing this first through the DSS cars and then Car Pool. The average maintenance cost per year is about \$281 total. He stated it behooves us to take a look and the deadline to apply

is July 24th. A motion to approve applying for grant for electric cars was moved by Mrs. Fedler and seconded by Mrs. Clary and Mr. Losaw. Discussion. Mr. Skellie would like to see more information and maintenance cost on new cars, electric or not, are generally low. The motion to approve applying for grant for electric cars was moved by Mrs. Fedler, seconded by Mrs. Clary and Mr. Losaw and adopted.

- Humana Health Insurance – Retirees – Plan renews January 1, 2021. The County Administrator hopes to have numbers by the end of the month and was told by Humana to expect a rate decrease. The rate decrease is due to good claims performance throughout the past year. Since March the overall spend is down due to COVID and this lack of preventative care is a concern for the out years. He should have more information by the next Finance Committee meeting.
- WL Plastics Project – Mr. Hicks thought this sale was going to happen and since it is not, he would like an update on who owns the property, how many parcels and are taxes still owed. Mr. O'Brien stated the property about 80 acres is owned by the Fort Edward Local Property Development Corporation and consists of two parcels - one in village and one in town. They were undergoing a subdivision but that has not taken place. The Treasurer stated they owe 2019 and 2020 taxes on both parcels totaling a little over \$937,000 with all the interest and penalties. 2019 taxes are enforceable next year and if the parcels remain unpaid the decision whether or not to take the properties would be next fall. The properties are now exempt going forward. The last tax bill due is for the current village taxes about \$48,000 plus 1% interest per month. Chairman Campbell stated there is so much less owed than before and assumes if the taxes remain unpaid that the County will take the property. Mr. Haff asked if the transfer from the EPA of the long skinny parcel that has Lock 8 Way ever been completed. Mr. O'Brien stated yes it has. The Treasurer stated the need for the subdivision was for the buyer and since they are not coming it is not necessary. Mr. Haff asked about the subdivision from FELPDC to WCC for a narrow strip of land immediately adjacent to the wharf. Mr. O'Brien stated that will not happen. Mr. O'Brien stated the transfer of the road from the EPA to the IDA is going to help unify the road and potentially at the sale any buyer coming in will have smoother sailing to get in there and if the County decides to take the properties for unpaid taxes and auction the properties it increases the value. Chairman Campbell stated if the road transfer had already been conquered in January prior to COVID, this sale probably would have already taken place. Mr. Haff mentioned revenue to the IDA if proposed solar projects (9) is approved for \$650,000; an administrative function for 10 to 15 years, .75% of the cost of the project. Mr. Haff asked how many of those taxing jurisdictions had opted out of solar and the IDA has a road to nowhere and this administrative fee would help in the maintenance of the road. Fort Edward has agreed to maintain their end of the road which is the majority of the road; bridge not on Fort Edward end. Mr. Hogan asked is there free access all the way down to the dewatering site now with no restrictions? Is it all owned by the IDA? It was stated previously that should the County foreclose and sell the property and now provide a thoroughfare to the property. Are there any restrictions and does any other company own a section of that road to the dewatering facility and are they all now owned by the IDA? Mr. O'Brien stated the subdivision of the road has to take place from the piece of property that is owned by WCC. Mr. O'Brien stated the IDA is working with WCC to complete the transfer. The road subdivision has no taxes owed on any part of the road properties. Mr. Hogan stated so then the IDA will own the road all the way to the dewatering facility with no restrictions on any properties what so ever and is that what Mr. O'Brien is telling the committee. Mr. O'Brien stated he believes they (IDA) will ask people who need access to the road, they will have to give them an easement on that property to use that so it is not open access to anyone. IDA would have to grant access to the road so the properties, with the unpaid taxes discussed above, are currently landlocked and if they were to go to auction there is no durable access at this time; landlocked and not marketed as having durable access to

site. Chairman Campbell stated there is still fifteen months before the properties could go to auction. Mr. Hogan asked as a safety concern if the IDA now owns that road and is allowing cars/motorcycles and pedestrians/cyclists to walk and exercise on the private road which cannot be monitored by police is the IDA moving forward with some kind of safety plan to ensure something tragic does not occur; an attractive nuisance. Mr. O'Brien stated the road will continue to be locked when not in use. He believes the gate is locked around 3:30 P.M. every day. Mr. Hogan stated a traffic study was done and indicated that trucks should not turn left off the site onto Rt. 196 and now that the IDA owns the road do they plan to ask NYS DOT to put up traffic safety signs directing trucks not to turn left. Mr. O'Brien stated he has a meeting scheduled with NYS DOT and plans to discuss those items. Mr. Hogan asked if he will be encouraging them to take those the appropriate safety measures to ensure no trucks are turning left out of the site. Mr. O'Brien stated the answer is yes and they will work on doing something and make sure trucks are safely exiting the site and not going through Kingsbury. Mr. Hogan stated the issue is the safety of the egress due to the blind spot with vehicles traveling at about 45 or 55 MPH off the bridge and encountering a truck turning left. Chairman Campbell stated it should be a through road to Rt. 197 but have been unsuccessful in attempts with Canal Corporation to move this option forward. Mr. Hogan stated the focus in January was on the urgency with the WL Plastic project and that overshadowed the need for a through road option.

- Still a maybe on COVID expenses being paid by FEMA. Received guidance, meeting this afternoon, going to put together a preliminary application, send it up to Homeland Security and hopefully start to get some answers back.

A motion to adjourn was moved by Mr. Griffith, seconded by Mr. Skellie and adopted. The meeting adjourned at 11:28 A.M.

FYI - Set Public Hearing on ACC Budget – Community College Committee

Resolution No. 173 July 17, 2020

By Supervisors Clary, Campbell, Skellie, Griffith

TITLE: Set Time and Place for a Public Hearing Concerning the 2020-2021 Adirondack Community College Budget

WHEREAS, the Adirondack Community College budget for 2020-2021 was presented to the Community College and Finance Committees, and

WHEREAS, the trustees of Adirondack Community College have presented a tentative budget for the college fiscal year September 1, 2020 – August 31, 2021 with an operating budget of \$30,575,770 which if adopted by this Board of Supervisors will require the amount of \$1,550,667 as that portion to be raised by taxation in the County of Washington for the fiscal year 2021 to pay Washington County's sponsoring share for operational costs, and

WHEREAS, a public hearing by the full Board of Supervisors is necessary before passage of the Adirondack Community College budget; now therefore be it
