c. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student's curriculum unless one or more of the following conditions applies as checked below (Select all that apply):

- It has been determined that the student voluntarily quit their job or reduced earnings to qualify for initial or increased TA.
- A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
- The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.

- The institution or student fails to monitor and report information regarding the student's attendance and performance as required.
- The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
- The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
- Additional reasons as stated below:

5. Work Requirements

5.1 Meeting TA Work Requirements

a. Described below is how the district plans to meet federal and State TA participation rate requirements. Include in this description the weekly hours standard participation requirements for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals whose status changed from exempt to nonexempt. (Information regarding engaging exempt individuals is entered in Section 9).

All non-exempt applicants for Public Assistance in Washington County are given employment requirements during the application process. These requirements include a supervised job search, a minimum of 10 employer contacts and 30 hours per week is assigned and referred to the Washington County Career Center for WIOA services. In this way if the case does open the individual is already participating. When the case becomes active and benefits have been issued the client may then assigned to a work experience site. Washington County's participation standard is up to 40 hours per week combined work activities. The Welfare Employment Representatives monitor a caseload and are responsible for enrolling their clients in countable work activities. Likewise they also monitor an exempt caseload with regard to participation and engagement. In addition, regular monthly caseload reviews are conducted by the unit supervisor to check each case for participation and the findings are reviewed with the Welfare Employment Representatives during their weekly 1:1 meetings. The unit is also able to call up daily opening lists so that no Temporary Assistance case is overlooked and can be assigned to the appropriate worker for enrollment in a countable activity. For the individual who goes from exempt to non-exempt the typical time frame is 14 days or sooner before they are placed in a countable activity. In Washington County the Employment Representatives determine the employability of the client based on the completed medical form received by the Agency. When the worker determines the client is no longer exempt the client is scheduled for an appointment to update employment assessment and employability plan.

b. Estimate the number of individuals expected to receive employment services for:

Households with Dependent Children Average Monthly

Households without Dependent Children Average Monthly

c. Described below is how the district uses work participation management reports available through COGNOS or other reports and activities to monitor district progress toward meeting work participation requirements and ensuring full engagement by adults in work or work preparation activities:

COGNOS reports are used routinely to monitor the districts work participation activity. Specifically, the "TANF and SN MOE Detail Report" and the "Participation and Engagement Status Report" are reviewed monthly by the supervisor and workers as it is a reliable case by case summary of those clients participating and not participating. During weekly 1:1 supervision, cases are discussed to determine appropriate employment activity assignment giving priority to the non-exempt, non-participating and not countable individuals.

d. Does the district assign TA applicants to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. Use the "Additional Information" column in the chart below to describe how often individuals are generally required to report job search outcomes and if activities other than job search are routinely expected:

The district assigns TA applicants to Job Search.

Yes

No

Applicant Job Search	Min. Contacts	Min. Hours	Additional Information
TANF and SNA MOE	10	30	Non-exempt Temporary Assistance applicants are assigned to a supervised job search. Job search in Washington County is defined as a minimum of 10 contacts per week and a minimum of 30 hours per week for those individuals assigned to a job search. Applicants are required to report job search outcomes on a log they keep of the time required to complete such activities as submitting applications, time spent interviewing, preparing and sending follow-up materials, identification of jobs and travel time between potential employers. The job search log is reviewed on a weekly basis via in-person contact to assess how complete and reasonable the search is. The individual's search for work is supported by the Agency's job development procedures where job referrals are tailored to the client work abilities and interests. The client is advised to document all work activities on the log to ensure the client is not being required to participate more than 40 hours per week in combined activities.

e. Does the district assign TA recipients to Job Search? If yes, describe the district procedure for Job Search, including the required number of job search contacts and hours per week assigned. Also include a description of how often individuals are generally required to report job search outcomes and if activities other than job search are routinely expected:

The district assigns TA recipients to Job Search.

Yes No

Recipient Job Search	Min. Contacts	Min. Hours	Additional Information
TANF and SNA MOE	10	30	The recipient job search procedure is exactly as described above and is a continuum of what the individual is doing as an applicant. Hours of job search may be adjusted for individuals participating in a combination of work activities, but will not exceed a total of 40 hours per week
SNA Individuals	10	30	The recipient job search procedure is exactly as described above and is a continuum of what the individual is doing as an applicant. Hours of job search may be adjusted for individuals participating in a combination of work activities, but will not exceed a total of 40 hours per week

f. Described below is the district's process and policy used for determining whether participation in self-employment is approved as part of an individual's required work activities, including the guidelines workers follow. If the district always approves self-employment as part of an individual's required work activities, please note this policy below.

Washington County may allow self-employment as a work activity to the extent of profit divided by minimum wage and the calculated hours per week would count toward their 40 hours of work activity provided the employment will lead to self-sufficiency. If there weekly total self-employment does not total 40 hours, they would be assigned additional work activities to a combined total not to exceed 40 hours per week.

5.2 Meeting SNAP Work Requirements

a. Described below is the extent to which the district requires NTA SNAP recipients to participate in SNAP E&T work activities. (Please note: Case management services must be provided to all participants enrolled in SNAP E&T activity):

Not mandated

b. If the district is offering Supervised Job Search as an E&T activity component, describe below how the job search activity will be supervised and tracked, including the frequency of monitoring the participant's job search efforts.

Not mandated

c. If the district is not mandating SNAP E&T work activity assignments, please describe below how NTA SNAP work registrants are informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to offer job search assistance to NTA SNAP applicants and recipients):

NTA SNAP Applicants and recipients are advised during application interviews and recertification interviews. There is a posting in the reception area of the available assistance with NTA SNAP job search. If an individual requests assistance with their job search efforts, they are assigned to a Welfare Employment Representative.

6. Quality Assurance/Work Verification

6.1 Quality Assurance Process - Random Case Sampling

Consistent with New York State's approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district's procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

The district will sample cases from each month within the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The results of these audits will enable the district to identify policies, processes or cases that may need corrective action.

After each self audit is completed, the district must submit a summary of findings to OTDA A&QI at AQI.WV.SelfAudits@otda.ny.gov for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance (QA) plan must include the following elements:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the parent caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

a. Below is the number of random sample cases of participation in paid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

6

b. Below is the number of random sample cases of participation in unpaid work activities the district will review semi-annually. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

c. Below is the number of random sample cases in which a case member is reported as an TA employability code 38 – “Parent needed in the home full time to care for an incapacitated/disabled household member” or TA employability code 48 – “Needed in the home to care for an incapacitated child full time – time limit exemption”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

d. Below is the number of random sample cases in which a case member is reported as an employability code 31 – “Parent or caretaker relative of a child under 12 months of age”. Refer to the Instruction Guide for the minimum number of cases per district and guidance regarding review requirements.

The district will review district worker or approved provider/vendor collected documentation and data entry of the above listed elements. The district will assess and verify that participation in the reported work activities listed above meet the State approved definition for the activity.

6.2 Use of Outside Providers/Vendors

a. Does the district utilize outside providers/vendors to collect documentation and enter data directly into WTWCMS?

Yes

No

b. If Yes, does the district’s provider/vendor documentation collection, data entry and management of WTWCMS follow the same process that would be used by the district worker?

Yes

No

c. If No, describe below the process used:

7. Supportive Services

7.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

a. The district must provide childcare in accordance with the childcare section of the district's Child and Family County Services Plan. The district will also provide the following expenses, which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

Transportation in the form of bus tokens for individuals with access to public transportation. Also included in the Flexible Fund for Family Services for Washington County is an allocation for the purchase of gas cards and bus passes for TANF eligible individuals to enable the applicant/recipient to continue in or accept employment. Work related expenses such as clothing, including but not limited to uniforms and footwear; job related safety equipment and tools not provided by the worksite or employer. These services are limited to gas cards up to \$50 per month if they travel 10 or more miles one way to work and \$25 per month if they travel less than 10 miles one way to work, help with car insurance-registration maximum of \$150.00 per family one-time payment, vehicle repairs up to a maximum of \$400 per family one-time payment and taxi rides to and from work until they receive their first pay check. The Agency may also provide limited funding not to exceed \$200 for the job related items that could include steel-toed boots, uniforms, shoes and tools.

b. Indicated below are the services the district will use to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district will reimburse for the actual costs based on reasonable documentation submitted by the work activity participant. (Select all that apply)

- Bus pass/token
- Gas card/voucher
- Mileage reimbursement at IRS Business rate (effective 1/1/21 is 56 cents/mi)
- Mileage reimbursement at IRS Medical/Moving rate (effective 1/1/21 is 16 cents/mi)
- Other mileage rate (please explain methodology used to establish reimbursement rate):

c. OTDA policy establishes a distance not to exceed two miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. Describe below the distance an individual may be required to walk, each way, to a work activity or to access public transportation:

Every attempt is made to assign the individual to a work activity in the town or village in which they reside. We have also made a greater use of taxi services to transport individuals to work assignments on a temporary basis while they are making other arrangements. At times we are not able to assign someone to an activity right in their town or village. During those rare times and because Washington County is a rural county, the client would be expected to walk up to 2 miles to a site. The rationale is that all closer work sites have been ruled out for various reasons and an assignment must be made for participation. In some cases clients may not live on the bus route and therefore they are advised that they must walk up to 2 miles to get to the closest bus stop in order to get to their assigned work activity. In all cases, the individual's work limitations and circumstances will be taken into account when requiring someone to walk to an assigned work activity and that appropriate adjustments will be made based on such limitations.

d. Described below are the services the district will provide to assist individuals at risk of needing TA to improve their opportunities for employment or to maintain their employment:

The district may provide any other supportive services which it deems necessary to allow individuals to secure employment or maintain their employment, if funding is available. These services may include transportation items such as gas cards up to \$50 per month if they travel 10 or more miles one way to work and \$25 per month if they travel less than 10 miles one way to work, bus tokens, help with car insurance-registration maximum of \$150.00 per family one time payment, vehicle repairs up to a maximum of \$400 per family one-time payment and taxi rides to and from work until they receive their first pay check. The Agency may also provide limited funding not to exceed \$200 for job related items including steel-toed boots, uniforms, shoes and tools.

7.2 Post-Employment/Transitional Supportive Services

a. Described below are the supports and strategies the district will provide to support job retention:

In addition to those services already mentioned, the district will provide a designated amount on a card that can be redeemed at a local retailer that carry most work-related items such as steel-toed boots, non-slip shoes and nurse's aide uniforms which are in-demand items for our clients.

b. Described below are the support services (for up to 90 days after case closing) the district will provide to individuals whose TA cases have closed due to employment:

Transitional child care payments may be available for eligible families following their Temporary Assistance case closure due to excess income, client request or increased child support and there is need for child care to be able to remain employed. During this time period the client would need to apply for ongoing child care benefits and would continue to receive child care assistance if determined financially eligible.

7.3 Extended Support Services

a. Described below are the support services the district will provide for individuals who are eligible under the TANF Services 200% of poverty eligibility guidelines. These services can be provided as long as funding is available (FFFS, etc.):

Supportive Services available are gas cards and bus passes. The Welfare Employment Representatives will also provide information and referrals to community based agencies that can assist the client with meeting their needs.

8. Conciliation, Sanction and Dispute Resolution Procedures

8.1 Conciliation

a. The district's conciliation process for TA applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(a). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below).

In person

By phone

By mail

When a recipient fails to comply with work activity assignments a Conciliation Notice is sent to the recipient advising them of their non-compliance and the recipient must respond to the conciliation within 10 days. If the client requests conciliation, they will be given a scheduled appointment to meet with the Welfare Employment Representative. If the client is not able to appear in person for the conciliation, the conciliation will be conducted via phone. The client has the opportunity to submit additional documentation to justify their reason for non-compliance. A written document is established with the client's reason for failure to comply with the assigned activity. The document is signed by the client if the client appears in person. A copy of this document is given to the client or mailed to the client and the district retains the original copy for the record. The client is advised that their claimed reason for failing to comply with the assigned activity will be discussed with a supervisor and they will be notified of the outcome by mail. The client is advised of their right to a fair hearing if they do not agree with the results of the conciliation. If the individual's failure to comply was determined to be without good cause and is ineligible for an exemption, a ten day notice of negative action will be issued.

b. Who makes the TA good cause/willfulness determination? (Select all that apply)

The client's employment worker

A supervisor in the district

A separate entity (describe below):

c. The district's conciliation process for SNAP applicants and recipients must be conducted in accordance with 18 NYCRR 385.11(d). Indicate below how conciliations are conducted. (Select all that apply and describe the procedure below)

In person

By phone

By mail

This district does not currently mandate Non-TA SNAP applicants and recipients to participate in SNAP work activities. TA SNAP applicants and recipient;s failure to comply with a TA/SNAP employment requirement would be offered the opportunity to submit documentation supporting their claim of good cause or request for exemption. When that documentation is received the worker and the supervisor will review the documentation submitted and any pertinent information in the client;s file to determine if the client is eligible for an exemption or the claim of good cause is justified. If it is determined that the failure to comply was with good cause, or the individual demonstrates compliance with the SNAP E&T activity assigned by the district to avoid the SNAP sanction or the client is eligible for an exemption, no negative action will be taken. TA/SNAP recipients who are subject to SNAP work requirements who fail to comply with an assigned employment activity will be sent Conciliation Notification, LDSS 4230 or LDSS 4230A depending on the status of the TA case (active or pending), will be given the opportunity to avoid the imposition of a SNAP E&T sanction through program compliance. Once the conciliation notice is sent, the individual will have 10 days to contact the Employment Representative and be assigned to a job search consisting of 5 job contacts and will be given three days to complete the job search and submit verification of their efforts to their Employment Representative. If the client fails to complete and submit the 5 job contacts in the specified period of time to avoid a sanction and it is determined that the individual's failure to comply was without good cause and ineligible for an exemption, a ten day notice of negative action will be issued.

d. Who makes the SNAP E&T good cause/willfulness determination? (Select all that apply)

- The client's employment worker
- A supervisor in the district
- A separate entity (describe below):

e. Described below is the district's procedure for engaging SNAP recipients in a work activity to demonstrate compliance to avoid a SNAP E&T related sanction:

SNAP recipients who are subject to SNAP work requirements who fail to comply with an assigned employment activity will be sent Conciliation Notification and will be given the opportunity to avoid the imposition of a SNAP E&T sanction through program compliance. Once the conciliation notice is sent, the individual will have 10 days to contact the Employment Representative and be assigned to a job search consisting of 5 job contacts and submit verification of their efforts to their Employment Representative. If the client fails to complete and submit the 5 job contacts in the specified period of time to avoid a sanction and it is determined that the individual;s failure to comply was without good cause and ineligible for an exemption, a ten day notice of negative action will be issued.

8.2 Sanction

a. Described below is the district's procedure for determining compliance for those TA recipients who wish to end their employment sanction (18 NYCRR 385.12, 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

A review of why the individual was sanctioned is done. If possible, the individual will be assigned to that same activity and will have to show compliance in that activity. Showing compliance will mean actually doing the activity. It will not be enough to sign a statement indicating they are now willing to comply. For example, if an individual was sanctioned for failure to comply with work experience, they must attend a work experience assignment for 3 days to show compliance before the sanction is ended. If the individual is not able to be assigned to the same activity to show compliance, then they will be assigned to another comparable work activity to demonstrate compliance. Their benefits will be restored back to the date they advised the Agency they were willing to comply once they completed the 3 days at a work experience site or other agreed upon activity to show willingness to comply, but not before the end of the durational period. The sanctioned individual will be added back into case count without the need for a new application if the sanction did not result in case closure. If after the durational sanction period has ended the client claims to be work exempt the client will be added back to the case in the same time frame as a non-exempt individual who has complied and will be given the opportunity to submit medical documentation

b. Describe below the district's procedure for determining compliance for those SNAP recipients who wish to end their employment sanction (18 NYCRR 385.12, 18 NYCRR 385.13), including the time period established for demonstrating compliance to the satisfaction of the district:

A review of why the individual was sanctioned is done. If possible, the individual will be assigned to the same work activity and will have to show compliance in that activity. Showing compliance will mean actually doing the activity. It will not be enough to sign a statement indicating they are now willing to comply. The time period established for demonstrating compliance will be 3 days before the sanction is ended. The sanctioned individual will be added back into the SNAP case count the month after the individual contacted the Agency advising they were willing to comply provided the durational sanction period has ended. If the individual provides proof of an exemption from SNAP work registration, the individual would be added back to the SNAP case count the month after the documentation is submitted even if the durational sanction period has not ended.

8.3 Dispute Resolution

a. The district's procedure for individuals who wish to dispute their work activity assignments, including individuals who dispute the district's response to their request for health-related accommodations must be conducted in accordance with 18 NYCRR 385.11(c). Indicate below who mediates the grievance.

- An independent entity which has an agreement with the district
- Supervisory staff who are trained in mediation and who have no direct responsibility for the individual's case
- Designated supervisory staff who have no direct responsibility for the individual's case and who are not trained in mediation

9. Disability Determinations, Documentation and Requirements of Exempt Individuals

9.1 Disability Determination Process and Tools

a. The district's process for determining an individual's disabilities and/or work limitations must be in accordance with 18 NYCRR 385.2(d). Indicate below what the district's process is for determining an individual's disabilities and/or work limitations. (Select all that apply, and describe the process)

- District participates in the OTDA managed contract for independent medical evaluations.
- District contracts directly with a physician to provide independent medical evaluations.
- District accepts physician's statement provided by participant.
- District accepts physician's statement provided by participant but refers for an independent evaluation when deemed necessary
- Other process

When a disability is claimed by a Temporary Assistance applicant or recipient the individual is given an LDSS 4526, Medical Examination for Employment Assessment, Disability Screening, and Alcoholism/Drug Addiction Determination, to have completed by their physician and returned to this Agency within 10 days. When the completed LDSS 4526 is returned to this Agency the form is reviewed by the worker to determine if it has all necessary information to determine employability. If it does not, the worker contacts the doctor to gather the additional information needed to determine employability.

b. Indicated below is the process for reviewing the medical documentation to determine if the individual is exempt, nonexempt, or work limited and describe the process by which the determination is made. (Select all that apply)

- District directs the contracted physician or individual's physician to determine status.
- District review team reviews and determines status (described below).
- Specialized disability/medical staff or unit reviews and determines status (described below).
- Other

When a disability is claimed at application or recertification, or whenever there is reason to believe that an individual has a physical or mental impairment, the social services official will give the individual a medical form to be completed and returned to the agency within 10 days. The individual is advised that this documentation is required for the district to determine whether the individual is exempt, nonexempt or work limited. When all documentation is submitted the employment worker and supervisor reviews and determines status. The worker sends the client a LDSS 4005 or LDSS 4005A advising them of the district's employability determination. Each individual claiming a disability has a face-to-face meeting with an employment worker to review their medical information and to accomplish the following steps: (1) the disabling factor is identified and the individual's level of participation is determined; (2) an individual participation plan is developed which includes any treatment plans specified by the physician or psychiatrist. Appropriate referrals will be made making use of existing community resources including non-contract provider Liberty House; (3) a referral for SSI is made if deemed appropriate. A letter is sent to the individual advising them that they must apply for SSI and provide verification of this. The employment worker tracks compliance with the SSI application requirement and appropriate action is taken if this is not done. When a disability is claimed by a Temporary Assistance applicant or recipient the individual is given an LDSS 4526, Medical Examination for Employment Assessment, Disability Screening, and Alcoholism/Drug Addiction Determination, to have completed by their physician and returned to this Agency within 10 days. When the completed LDSS 4526 is returned to this Agency the form is reviewed by the worker to determine if it has all necessary information to determine employability. If it does not, the worker contacts the doctor to gather the additional information needed to determine employability.

9.2 Mental Health Screening and Assessment

a. In addition to screening for a disability as part of the application or disability determination process, does the district administer a screening tool for TA participants to help determine whether a referral for a mental health evaluation is warranted?

Yes No

b. Describe the district's policy for determining when a program participant is offered a mental health screen:

c. What screening tools does the district use? (Select all that apply)

- LDSS 5009 - Mental Health Screening Tool
- The computer assisted version of the Modified Mini Screening tool (MMS)
- Other Screening tool (describe below)

d. If using the MMS, indicate below the district's cutoff score (7, 8 or 9) for referral to a mental health evaluation.

e. Describe below the procedure the district uses if the screening tool warrants a mental health evaluation referral

9.3 Requirements for Exempt TA Participants (Reference 18 NYCRR 385.2 (e))

a. An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist them in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that the individual is participating in the assigned program.

Described below is the district's procedure for determining if an individual, who is unable to work due to mental or physical impairment, has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual's disability exemption as covered in Section 9.1 of this plan. Indicate who makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities (e.g., medical practitioner, employment worker, TA worker, local review team, etc.). Also indicate the source and type of information used to make the determination (e.g., information from individual's medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.).

An individual that claims a disability is required to submit medical documentation from their medical provider. When the medical form is returned, the employment worker verifies that a specific diagnosis is indicated, any work limitation or disabilities are present, and length of time the client will be disabled and if treatment is recommended. This information is reviewed with the unit supervisor to determine if there is potential to improve the individual's ability to work through rehabilitation or treatment.

b. Described below is the district's procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc.

If the medical indicates that treatment is needed for the client to be restored to self-sufficiency, then the client is notified in writing that they are obligated to enter such treatment program and show verification that they have enrolled and are attending. The Employment Representatives are familiar with available resources and providers in the community and can make appropriate referrals for appropriate treatment. The process may also include a requirement to apply for SSI so that a reduced dependence on TA may be pursued. This must also be verified by the client.

c. Described below is the district's procedure for tracking the participant's compliance with their treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated.

When a treatment plan is initiated, the client is advised by the district of the requirement for them to participate in the designated treatment program and the employment worker is responsible to obtain tracking forms completed by the physician/therapist monthly. The form documents the dates of actual attendance, the hours per day, any missed appointments and progress updates.

10. District Certification

10.1 Certification

As a condition of the receipt of federal and State funds the Local District Commissioner of Washington Department of Social Services submits this Temporary Assistance (TA) and Supplemental Nutrition Assistance Program (SNAP) Employment Plan (Plan) to the New York State Office of Temporary and Disability Assistance. The Plan outlines the administration of employment services for TA and SNAP applicants and recipients for the period January 01, 2022 through December 31, 2023. Submission of this Plan certifies that the district has read and accepts the terms of this certification and hereby affirms that employment services programs will be administered in accordance with all applicable federal and State policies, laws, regulations and provisions of this Plan.
